"We Cover the Corridors"

Alumni Edition

SAW Winter 1997

Congratulations, Scholars

Pictured beside are seven of the nine scholarship recipients for 1996. The last newsletter had a short biography about each of them and told of their connections with Lehman.

Remember, although we enjoy getting together with old classmates and the various functions we have, our primary purpose for existing is to provide educational assistance for our own. If you know of anyone who would qualify for a scholarship, either by having attended Lehman, or by being a descendant of someone who did, invite them to apply. These are grants, not loans.

Alumni supports..."POWER OF THE PEN"

A new program for students in the 7th and 8th grades has been developed called "Power of the Pen". Instead of speaking as they do in Speech and Debate programs, these students write in competition.

The Alumni Association underwrote costs of \$100.00 for trophies and ribbons for the 7th grade Lehman Tournament. These costs had not been provided for in the school's budget. We'll have some results for you in the next newsletter.

A Sister's Tribute.....

On September 30,1996, I lost my pal, my best friend, my hero, my beloved brother, Bill (Rocky) Casper. The family wishes to thank his life-long friends for their thoughtfulness support through cards, letters, phone calls, and visits which helped sustain him during his final months.

The outpouring of respect and love from friends, former students, faculty members, and hospice staff in California was extremely gratifying. For myself, I shall forever cherish Pat, his loving and caring wife, who stayed at his side in their home until his body could no longer endure the strife.

Bill started one facet of his life as a cheerleader at Lehman, and continued the tradition throughout his teaching career by urging his speech teams to victory after victory, by coaxing his drama clubs to perform successfully, by organizing pep rallies, and sparking student enthusiasm with his exploits.

At Coachella Valley High School there is now emblazoned on the gymnasium wall, a "Casper" the Friendly Ghost" figure along with the CVHS Scarab mascot. His sense of humor--for which he is well remembered--never faltered, just as Bill did not. He loved so well--his family, his friends, his students, his desert country, and the astounding beauty of his native land. He faced the adversities of his life with humor, grace, pride and fortitude. His life, his teaching, his persevering, determined, and on-going struggle with an insidious illness should be chronicled in book form so that others might benefit from his example. I love you and miss you, Bill.

Your loving sister,

Ida Mae Billheimer

FROM THE "PREZ"

Joanne (Reynolds) Moody '53

The year has quickly come to a close and the Lehman Alumni Association has continued to move forward.

The membership has expanded to nearly 1,000, we gave \$4,500 in scholarships and we anticipate good things happening in 1997.

Serving as president for a second term will be a challenge I have willingly accepted.

Gene Conrad and Mary Kay Wenger have dropped from the roster as trustees. They have served the association well since the beginning and will continue in other capacities. Joyce Esber and Jay Jones step into their three year terms with enthusiasm.

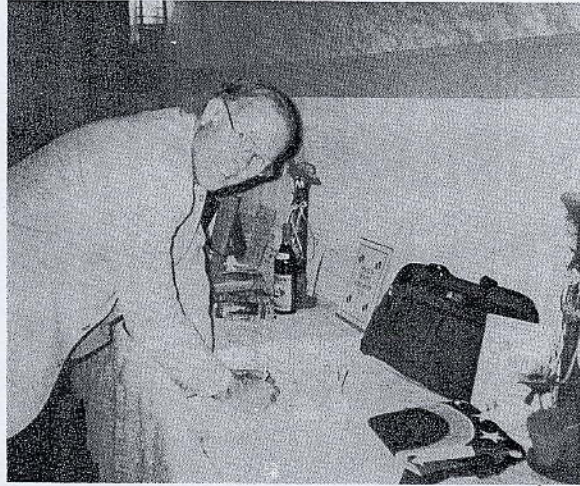

Our first event for 1997 will be the annual "Polar Party" on Friday, January 17th at Windsor Hall in Canton.

Instead of adding one more event to the holiday season, it was decided four years ago to have a "beat the January blahs" party. The second year, it got the name of the "Polar Party" and continues to carry that name. The evening is just a relaxed evening of food and fellowship, a little toe tapping music and an opportunity to bid on items at the silent auction to raise money for the scholarship fund. For those who have not been to a previous party, how about asking another couple of friends to come out for an evening of fun to support the alumni association and the scholarship fund.

For the readers who live locally or occasionally return to Canton take a minute and mark those new calendars for the second Wednesday of each month for the Lehman Alumni meeting. Then when busy schedules allow, take an evening

THE "FAITHFUL" DISREGARD THE COLD TO ATTEND THE POLAR PARTY

Severe cold usually attends the annual Polar Party, and the 17th of January was no exception. Despite all that, 59 of us ventured out to Windsor Hall for an evening of good food, music, and conversation. The silent auction tables, laden with donated items, brought in \$673.00. If you haven't been to one of these, you ought to come. It isn't cold inside.

Tim Elder enters a bid for one of the many items on the silent auction tables at the winter "POLAR PARTY".

and return to the school of our earlier years. When school is closed, we meet other places but the date seldom varies. An officer is always willing to answer a question.

Please keep asking friends and relatives if they have joined the association. If the answer is no, encourage them to do so and the sooner the better, and don't forget to renew your 1997 dues. It helps us plan our budget and adds to the scholarships we give out. Let's top that 1,000 by March.

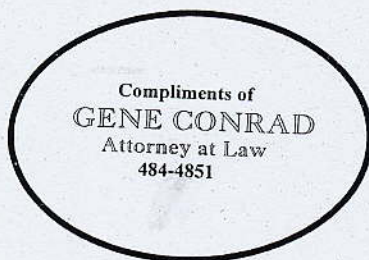

My sincere wish is that 1996 has been good to you all and that 1997 will be even better.

HILL GANG OUTING

[Notice...this is HILL GANG, not over the Hill Gang as some callous folk have referred to us as.]

Planned for August the 8th at Skyland Pines. Kent Smith is again taking the lead. Watch for details in the Spring newsletter, but mark your calendars now.

SCHOLARSHIP DINNER

This dinner and presentation will take place at the Garden Center. Come and watch your Alumni dollars go to work.

Just a comment.....

People have been asking why the Journal does not meet regular publishing deadlines. The plain fact is that we can have a 4 page or an 8 page paper. A 4 page would have too much advertising ratio. To fill 8 pages requires a lot of news, and as of yet we can't afford an investigative reporter. If you don't send it, we can't know it. Do your part and provide us with news you have. Thanks.

THE FINANCIAL COLUMN \$\$\$\$\$

Congress shows largesse with a small tax break.....

The recently enacted Health Insurance Portability and Accountability Act of 1996 provides that long-term care insurance contracts will generally get the same favorable income tax treatment (within prescribed limits) as accident and health insurance contracts are currently receiving, effective for 1997 and later.

As life expectancies increase, planning for long-term care becomes more a matter of WHEN rather than IF. The incentives in the new tax law help to remove some of the uncertainty that had surrounded long-term care policies and enhance their attractiveness.

Here are some key points pertaining to long-term care policies:

1. Similar to premiums for regular health insurance, PREMIUMS for qualified long-term care policies can be deducted as a medical expense, subject to the general 7.5% adjusted gross income (AGI) floor for medical expense. However, the amount of premiums that qualify for the medical expense deduction will be limited according to the age of the insured. For example....if you are age 40 or less, the limit is \$200.00. The deductible amount climbs for each ten year increment of life until at age 70 and beyond, it tops out at \$2,500.00.

Benefits from an INDEMNITY type (reimbursement) long-term care contract (which pays only actual long-term care expenses) are received tax-free. In contrast, benefits from a PER DIEM type of contract (which pays a set dollar amount) will generally be tax-free only up to \$175.00 a day.

2. Long-term care expenses that are not reimbursed by insurance will be deductible as medical expense (subject to the 7.5% of AGI floor).

These expenses are not deductible if the services are provided by a relative, unless of course, the relative is licensed to provide such services.

3. No taxable gain (or loss) will be recognized on the exchange of a pre-existing long-term care contract for another qualified long-term care contract after the date of enactment and BEFORE January 1, 1998.

4. Long-term care coverage cannot be provided through an employer sponsored FSA (flexible spending arrangement). If an employer does in fact provide such coverage under what is known as a cafeteria plan, premium amounts for such coverage would be included in the employee's income as an economic benefit.

What this legislation does is to send a signal that the government has no intention of paying for long-term care, but will provide tax incentives for individuals to assume responsibility for their own coverage.

About those reunions....

Please let us know as soon as a class reunion date is set and the name of a contact person. At the Stark County Fair a lady stopped by the Lehman booth to inquire about her class reunion. She was two weeks too late. Had she been a member of the Association she would have been informed months ahead of time.

How many others have missed a reunion due to a change of address or lack of communication? The post office forwards mail for only a couple of months anymore.

P.S. She joined that day.

Do you have this picture?

Since we were first organized we have sold hundreds of Lehman shirts, both of the sweat and the "Tee" style. Another one is on the horizon with a picture of the school on the front. We need a good clear photo of the building the way graduates remember.

From 1938 to 1976 there were some changes as viewed from the South side, but we hope to find one that blends both periods. Do You have one we can borrow?

ALL CITY ALUMNI BASKETBALL GAME

Mark your calendars now for an event that you don't want to miss !!! All-City night will be held on Saturday, April 12th at the Canton Memorial Fieldhouse. Tip-off time is 7:15pm as the Lehman Polar Bears take on the Timken Trojans. Both teams are practicing hard for their first win in the round robin series. The 8:45pm game will feature two undefeated teams as the McKinley Bulldogs play the Lincoln Lions.

A special treat this year will be the All-City Sock Hop after the game at the Canton Civic Center. Refreshments and snacks will be available on a cash basis. Tickets will be sold before the event at ticket locations or through your alumni association and will also be sold at the door the night of the event. A disc jockey will be spinning your favorite tunes of the 50's, 60's and 70's.

Last year, each of the four alumni associations received a

check for \$4,125.00 for their respective scholarship funds. What a great way to raise funds and have fun at the same time.

The game tickets will be \$4.00 per person and everyone must purchase a ticket, even the participants. They will be on sale beginning February 1st at various locations, including the Fieldhouse, Hub-Victor, Mang's, Scott Costume, Grandma's Kitchen, Taggerts at Belden Village, Canton Flower Shop and by contacting your alumni association officers.

All City Alumni Basketball has allowed all the associations a chance to walk down memory lane, an opportunity to renew old friendships and a night of family entertainment. If you can't participate as a player, cheerleader, coach, band member or majorette, then you need to be there to root your team on to Victory and take a walk back in time.

See you at the game !!!!!
