LEHMAN GRAD COMES HOME

Dianne Talarico left the halls of Lehman in 1975 and has returned to become the new superintendent of Canton City Schools.

Most of her career has been in the San Francisco public schools as a teacher and administrator in urban schools, and she has served as a faculty member at San Francisco State University.

Talarico states she is a different type of leader. She will be in the schools and the kids will know who she is.

School Board member Fred Harold, husband of Lehman grad Joan (Lahr) Harold and former Timken High School basketball coach, said the only thing wrong with Dianne's resume was the fact she had graduated from Lehman.

Some of the reasons the board members gave for hiring her were decisions she makes on "kids first," "when teachers in San Francisco asked if they could come with her," "her great passion for kids and for academic performance." She believes all students can learn and has literally turned around entire grade schools and middle schools.

Dianne stated fate played a role in landing her back in Canton. She was ready to step up to a superintendent job and this one was opening. She applied and here she is. Now if she can only find a use for Lehman so it doesn't have to be demolished.

MESSAGE FROM THE PRESIDENT

Greetings! Hope everyone had a "HOPPY" spring and all are ready for some "Hot Fun in the Summertime."

During our 2nd quarter, we held our annual pasta dinner at Zion United Methodist Church on Saturday, April 28, 2001. I would like to personally thank all of the following people who made this dinner a success: cooks and helpers, bakers, waiters/waitresses, bought and/or sold tickets, ticket chairmen, the men who set up and took down tables, and, of course, our board members. We couldn't have done it without you! A Special Thanks to Taggart's for donating their delicious ice cream again this year. We enjoyed it! We made a profit of \$187 to go towards the scholarship fund. Thanks again, everyone!

On May 15, 2001, we had the pleasure of having Sandy Lesko Mounts of the Ohio Lottery Commission speak at our general meeting. It was very enjoyable and informative. Sorry if you missed it.

SCHOLARSHIP WINNERS

Although the board had planned to award 20 scholarships this year, only 15 applicants qualified.

Fifty-two applications were requested but only 22 were returned and only 15 met all of the requirements. Perhaps some of those will apply again next year and make sure they read the requirements and follow through on them.

One of the requirements is references from individuals such as an educator. Two years in a row students have lost awards because a required reference did not arrive or arrived too late.

Applications may be requested any time after January 1 and must be returned and postmarked no later than May 1.

It is recommended that next year applicants gather all of the required items and then forward them to the scholarship committee. Although the committee tries to advise an applicant when a portion of the requirements is missing, this is not always possible.

Applications are to be requested in writing and not over the telephone. The local newspaper rewrote the news release twice and each time made it sound like applications could be requested over the telephone. Written requests allow the committee member to pick the letter out of the post office box and place an application in the self-addressed stamped envelope that is to be included with the request and placed back in the mail quickly. Applications requested the day before the deadline undoubtedly will never make the deadline.

Sponsors/applicants - make sure your dues are paid early in the year so a student is not turned down for the lack of payment of dues. Keep in mind that anyone who graduated from Lehman and is continuing their education, although they may have been out of school for a while, as well as lineal descendants of graduates may apply for a scholarship.

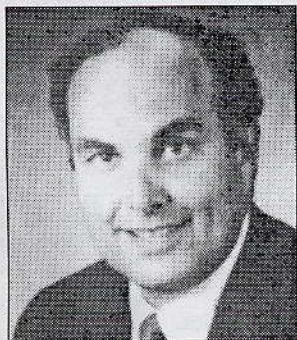

A NOTE OF INTEREST FROM THE EDITOR

They want to demolish our alma mater, but just recently a football camp was held at the school as part of a Living in a Free Environment youth after-school drug prevention program.

Lehman is a school where youngsters can walk or ride a bicycle to without heavy traffic ... a school that still breathes life for the children in the area that surrounds it.

ENTERTAINMENT BOOKS

Keep in mind the alumni association will be selling Entertainment Books again. Books arrive in October and it is always helpful to have an idea of how many books we should order. We have ordered more books each year, and each year we have run out of books. All proceeds from our books goes into the Scholarship Fund. Anyone who purchases a book can get many more dollars worth of services than the cost of the book if they so choose.

The best place to keep the book is in the car. At home you can always go out to the car and retrieve the book, but when you are away from home and decide to eat out the book at home doesn't save any \$\$'s.

Did you know that if you are in another area and see the symbol of the Entertainment Book, many of the establishments will give you a discount if you have the card that comes inside the book with you?

DID YOU KNOW ...

Members of the Lehman Booster Club felt sorry for those majorettes who had short skirts on cold game nights and decided to do something about it.

Former Lehman Band Director John Bonar currently lives in Hartville. While reading a news release in the Hartville newspaper about the scholarships the alumni will be awarding, he had an idea. He then called the home of Chairman Tim Elder and asked if the alumni association would like the red and white wool cape worn by Lehman head majorettes. When the school downgraded he tried to give as many items away as he could find a home for, but the cape remained behind. Not wanting to throw it away he took it home where his wife has cared for it all these years while it was just taking up closet space.

The Journal Editor went and picked up the cape, took the photo of the Bonars and said thanks for caring and sharing.

Many items such as trophies went into dumpsters because no one knew what to do with them. Too bad we did not have an alumni association back then or we may still have some of those items to bring out at class reunions.

Now can someone tell us when the cape was made and the names of some of the head majorettes who wore it. Drop a note to the P.O. Box so we can keep a record.

Mr. and Mrs. Bonar with the recently donated LHS head majorette cape.

STARK COUNTY FAIR

The Stark County Fair will start August 28 and our alumni booth will be under the grandstand again this year. **WE NEED HELP.** It takes many helpers to cover all of the days of the fair.

We set up the booth on Sunday at 1 p.m. and help is needed to bring items from the storage room to the fair and then help to unload the trucks at the fairgrounds.

It would be nice if some of the grads from the '70's would show up to help those from the '40's and '50's who always show up.

Nickie (Eleanor Lang) Wingert '44 is the scheduling chairman and will be glad to hear from alumni who are willing to donate a few hours to help out at the booth. Her number is 330-488-2192.

NEWS FROM A FORMER TEACHER ...

R. David Johnson now resides in Greenlawn, New York, and recently sent us a photo of members of the choir taken in the 60's along with the following letter:

Hello, to all the Lehman Alumni who were in the Choir during the '60's!

Perhaps some of you will remember this picture. I recall my years at Lehman as a very special time in my life. We had some wonderful choirs and some great shows. It was a pleasure to work with faculty members like John Bonar, Alan Rubinstein and our choreographer, Aline Mulnick. Some sweet memories include our concert the day John Kennedy was assassinated, the Christmas Shows, the All-City Choral Festivals, The On Broadway Reviews, West Side Story, The Music Man and Carousel.

I've retired from the public schools in Northport, Long Island, and am now teaching at Five Towns College in Dix Hills, Long Island. It's a school with degree programs in music education, music performance, theater, music business, and audio and television production. I direct the chorus and the a cappella program, and teach voice and sight singing. I also assist with the musical productions and produce educational TV programs. Needless to say, I love it!

The best to all ... David Johnson
